LAPIS LAZULI

Lapis means 'Sky or Heaven'.

Treasured by the ancient civilisations of Mesopotamia, Egypt, China, Greece & Rome. This precious material is prized for its vivid & exquisite color.

The highest quality Lapis Lazuli is still found in present day Badakshan, Afghanistan, a forbidding wasteland of mountains, bare of any vegetation.

With sheer mountain cliffs raising as high as 17,000ft, treacherous ravines, Badakshan seems other-worldly.

Humans make their way there to seek one thing only; the azure treasure, fine Lapis Lazuli.
